

Auditor's Summary

Financial and Compliance Audit of the Department of Health

Financial Statements, Fiscal Year Ended June 30, 2021

PHOTO: OFFICE OF THE AUDITOR

THE PRIMARY PURPOSE of the audit was to form an opinion on the fairness of the presentation of the financial statements for the Department of Health, as of and for the fiscal year ended June 30, 2021, and to comply with Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), which established audit requirements for state and local governmental units that receive federal awards. The audit was conducted by KMH LLP.

About the Department

The mission of the Department of Health (DOH) is to protect and improve the health and environment for all people in Hawai'i. DOH administers and oversees statewide personal health services, health promotion and disease prevention, mental health programs, monitoring of the environment, and the enforcement of environmental health laws. It administers federal grants to support the State's health services and programs and is organized into four major administrations: Behavioral Health Services Administration, Health Resources Administration, Environmental Health Administration, and General Administration.

Financial Highlights

FOR THE FISCAL YEAR ended June 30, 2021, DOH reported total revenues of \$1.03 billion and total expenses of \$914 million, resulting in an increase in net position of \$114.2 million. Revenues included \$809.2 million from general revenues, \$171.3 million from operating grants and contributions, and \$47.7 million from service charges.

Sources of Revenues

Expenses included \$336.1 million for health resources, \$375.2 million for behavioral health, \$128 million for environmental health, and \$74.7 million for general administration.

As of June 30, 2021, total assets and deferred outflows of resources exceeded total liabilities and deferred inflows of resources by \$1.44 billion. Total assets and deferred outflows of resources of \$1.44 billion included (1) cash of \$441 million, (2) receivables of \$44 million, (3) loans receivable of \$705 million, (4) accrued interest and loan fees of \$2 million, (5) deferred outflows of resources of \$2 million, and (6) net capital assets of \$249 million. Total liabilities and deferred inflows of resources totaled \$159 million. DOH's net position of \$1.28 billion is comprised of a restricted amount of \$844 million, of which \$802 million is for loans; an unrestricted amount of \$190 million; and net investment in capital assets of \$249 million.

Auditors' Opinions

DOH RECEIVED AN UNMODIFIED OPINION that its financial statements were presented fairly, in all material respects, in accordance with generally accepted accounting principles. DOH received an unmodified opinion on its compliance for all major federal programs, except for Block Grants for Community Mental Health Services and Special Supplemental Nutrition Program for Women, Infants and Children, which received a qualified opinion in accordance with the *Uniform Guidance*.

Findings

THERE WAS ONE MATERIAL WEAKNESS and two significant deficiencies in internal control over financial reporting that are required to be reported under *Government Auditing Standards*. The material weakness is described on page 93 of the report, and the significant deficiencies are described on pages 94-97 of the report.

A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

There were four material weaknesses in internal control over compliance that are required to be reported in accordance with the *Uniform Guidance*. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. The material weaknesses are described on pages 98-105 of the report.
